## **ARABIC EPISODE IS CONTROLLING FORCE IN STOCK MARKETS**

International Situation Looms Large on the Financial Horizon; Steel Falls Several Points on Very Heavy Trading.

NEW YORK, Aug. 21.—International affairs loomed large on the financial horizon today. The latest developments in the Arabic episode caused feverish haste in stock liquidation. The concern regarding this country's relations with Germany was heightened when it was known the British government had made a specific denial that the Arabic was under naval protection when attacked.

Advice from Washington that our ambassador will be directed to make representations to Germany offered further cause for apprehension. The opening prices were generally lower and mainly affected the war shares, but the selling movement soon spread to the leaders. There were large transactions in steel, it falling to 79 1/2, a loss of 3/4; Union Pacific, at 127 1/2, broke 3/4. Canadian and Southern Pacific and Reading yielded two each at 147 1/2, 86 1/2, and 145 1/2, respectively. Bethlehem's loss was 11 points at 274 preferred 4 at 141. General Motors fell 3/4. Other issues in the same class fell away from 3 to 5. The sales were 550,000 shares of which Steel supplied almost one-fourth. There was an extensive trading in metals, Anaconda falling 4 1/2.

The bank statement showed a loan expansion of thirty-two million and a cash gain of eleven million. The Reserves increased \$5,354,000. Bonds were weak, sales, par value, \$1,600,000. Declines of a fourth per cent on U. S. two's and one-half on Panama three's, one's and two's.

(By L. J. Overlock)

BOSTON, Aug. 21.—The next few days will be very critical in diplomatic relations. The selling today came from the big banking interests and it looks as if they were getting ready for a serious situation. A break with Germany would probably cause a sharp reaction and then a sagging market for some time.
